Objective: To secure an engineering internship for graduate students in the automotive field to work with a company that encourages teamwork, continual training and advancements in technology.

Education: **FAMU/FSU College of Engineering**
Tallahassee, FL
B.S. in Mechanical Engineering
GPA: 3.42/4.00

Expected Graduation: April 2005

Course Work and Engineering Software

- Employed ProEngineer, Working Model, MathCAD, and Smart Sketch to complete class assignments
- Manufactured and assembled Stirling engine in the school's machine shop
- Presented multiple group projects on engineering failures, designs and invention using Power Point and written reports

Experience: **Visteon Corporation**
Indianapolis Steering Systems Plant
Indianapolis, IN
Student Professional Trainee

5/04-7/04

- Developed and produced ten operation processes for salvage department of rotary valve steering gear
- Improved efficiency and safety of training new employees with updated quality process sheets (QPS)
- Employed AutoCAD to revise process sheets that were dated by three years in drafting department
- Satisfied analyses and assisted with collection of data for solutions to scrap reduction of input shafts

Parsons-Brinckerhoff
Woodrow Wilson Bridge
Oxon Hill, MD
Engineering Aide

5/03-8/03

- Performed field test for materials that were brought in for a \$42 million contract
- Assisted with soil dynamic testing by using the slope indicator and the multi-port bore hole extensometer (MPBX)
- Studied designs of the Woodrow Wilson Bridge Project and enforced the specifications for the contractors

Florida A&M University
Undergraduate Program
Tallahassee, FL
Student Mentor

10/02-4/03

- Advised younger students about various situations dealing with academic issues at the college level
- Accountable for developing and hosting an entire seminar for academic and professional success
- Introduced our program to the National Society of Black Engineers at regional conference

U.S. Environmental
Protection Agency
Washington, D.C.
Clerk/Typist

5/02 – 8/02

- Clarified and structured central files for Office of Small and Disadvantaged Business Utilization for calendar years 2002 and 2001
- Produced spreadsheets and reports using Microsoft Excel and Corel Quattro Pro that displayed funding for current and previous fiscal years
- Skilled in using Microsoft Word, Excel, Power Point, and Access

Honors/Achievements:

Recipient of National GEM Fellowship • Parliamentarian for Tau Beta Pi 2004-05 • Chaplain for the FAMU/FSU chapter of the National Society of Black Engineers 2004-05 • Participant of Georgia Tech's FOCUS 2003 celebration • Selected student for the Liberal Honors Program of Florida State University • Administrators Award for Excellence with the U.S. EPA for 2001 and 2002 • Chairman of the Year for Progressive Black Men, a service organization • Martin Luther King Jr. mentor at Florida State University • Volunteer for Adahlia Services Incorporation • Site Leader for Service Corps' *Make a Difference Tallahassee* and *Team Up Tallahassee*
