Agenda/Minutes: Senior Design group Meeting #2

Meeting Start Time: 10:08 AM (-3 GMT)

Meeting End Time: 10:34 AM (-3 GMT)

Communication Method: Google +

Important notes:

1. Method of voting procedures

    a. In the case of a tie vote, a decision matrix can be made to be as fair as possible.

2. Start formulating design ideas for brainstorming process next week.

    a. Possible vehicle designs include but are not limited to:

        i. Quad rotor aircraft

        ii. Glider

        iii. Fixed wing aircraft

    b. Ideas on automation

        i. Consider use of an autopilot System.

3. Things to be done before next meeting

    a. Read competition guidelines in detail

    b. Needs Assessment (All portions complete by Wednesday 09/26)

        i. Six areas of criterion – each team member complete one area

        ii. EE's do not have experience creating a needs assessment and therefore will need help from ME's
