Matlab Homework 1 (09/12/19)

Part 1*a*: Practicing Programming

NOTE: *PA: Participation Activity* and *CA: Challenge Activity*

WARNING: When you complete any PA or CA in the online book, you should see a colored banner. If you do not see one for a CA, be sure to press "refresh" on your browser (Firefox?). Or you will not get credit.

In the Online Book, do:

- 2.4 Mathematical constants: all.
- 3.2 Comments and clear code: all except the ugly CA.
- 3.4 Internal mathematical functions: skip the CAs.
- 4.1 Introduction to arrays: skip the CA.

Part 1*b*: Solving Problems

Note: You should first try to read the relevant parts of the posted lessons before attempting these exercises.

From the Lesson Exercises, do:

- Lesson 1, exercises 1-3.
