

# Matlab Homework 8 (10/17/19)

## Part 8a: Practicing Programming

NOTE: *PA: Participation Activity* and *CA: Challenge Activity*

*WARNING:* When you complete any PA or CA in the online book, you should see a colored banner. If you do not see one for a CA, be sure to press "refresh" on your browser (Firefox?). Or you will not get credit.

In the Online Book, do:

- 3.5 Basic input - The input function: all.
- 11.1 While loops: skip CA 11.1.2-end.

## Part 8b: Solving Problems

Note: You should first try to read the relevant parts of the posted lessons before attempting these exercises.

From the Lesson Exercises, do:

- Lesson 5, exercises 4-6.
